In the Matter of **Garden Valley Telephone Company's** Request for Approval of Certified Actual Costs Associated with the **Marshall County** 911 Emergency Telephone Services System

ISSUE DATE: August 18, 2000

DOCKET NO. **P409/ES-99-1817**

ORDER APPROVING CERTIFIED 911  
SYSTEM COSTS

**BACKGROUND**

On August 10, 1982, the Minnesota Public Utilities Commission (the Commission) approved Marshall County's final plan for the establishment of a 911 Emergency Telephone Services System.

On October 28, 1987, the Commission approved the actual costs U S West Communications (formerly known as Northwestern Bell) incurred for placing a portion of a 911 Emergency Telephone Service in Marshall County.

On March 22, 1988, the Commission approved the actual costs Garden Valley Telephone Company incurred for placing a portion of a 911 Emergency Telephone Service in Marshall County.

On May 25, 1988, the Commission approved the actual costs Wikstrom Telephone Company incurred for their portion of the 911 System in Marshall County.

On October 26, 1988, the Commission approved U S West's second cost certification.

On November 10, 1988, the Commission approved the actual costs GTE (formerly known as Contel Communications) incurred for their portion of the 911 System in Marshall County

On January 18, 2000, the Commission approved the actual costs Independent Emergency Services Limited Liability Company incurred for installing tandem based Automatic Number Identification (ANI) for a portion of the 911 Emergency Telephone Services system in Marshall County.

**CURRENT FILING**

In August, 1998, Marshall County contracted with Garden Valley Telephone Company (the Company) to install a portion ANI in the Marshall County 911 Emergency Services system.

On February 2, 1999, the Company installed inter-exchange, out-switch trunks to the Alvarado, Argyle, Gatzke, Grygla, Holt, Middle River, Newfolden, Oslo, Stephen, Viking, and Warren Exchanges. The company also installed Public Service Answering Point (PSAP) circuits from the Erskine to the Warren and from the Turtle River to Warren exchanges. They also installed inter-tandem trunks between the Erskine to Turtle River exchanges and a transfer line to the Erskine Exchange. These trunk modifications were made to add ANI to their portion of the 911 Emergency Telephone Services System in Marshall County.

On February 2, 1999, the Company certified the actual costs it incurred for the provision of ANI service.

The Company is now requesting Commission approval of the actual 911 Emergency System and ANI system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

### **FINDINGS AND CONCLUSIONS**

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Garden Valley Telephone Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A, reflect only charges for services actually rendered in the direct provision of 911 service in Marshall County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Marshall County which have been certified by the Company are appropriate and accurate.

**ORDER**

1. The costs identified on Attachment A accompanying this Order are approved as appropriate and accurate pursuant to the Commission's March 21, 2000 Standing Order Designating Filings Requesting Certification of 911 Costs As Filings Subject to Approval Under Minn. Stat. § 216A.03, Subd. 7, Docket No. P-999/CI-99-1723.
2. This Order does not approve payment of any 911 system costs. Any possible future approval of payment for system costs shall be granted by the Commissioner of the Department of Administration in accordance with the provisions of Minn. Stat. Section 403.11.
3. This Order shall become effective immediately.

BY ORDER OF THE COMMISSION

Burl W. Haar  
Executive Secretary
